

# 望遠鏡の運用状況

Operation of the telescope

Daigo Tomono

*Telescope Engineering Division*

2009

2009-01-16

---

**CAUTION**

**Telescope is  
becoming  
unstable**

2011

# 2011-01-19

---

"We are getting used to the congested tasks."

# A history of work load

---

**Getting  
used to  
congested  
tasks**

2011-07-02

# A history of accidents

---

# Accidents & work load

# 2011-11-14

---

"During LLT removal, power to the laser was left on and a daycrew was slightly injured."

---

I am sorry but we are still  
having difficulty in handling  
congested tasks at the site ...

# Accidents & load
